STICK ABOVE THE SHOULDER RULE

Rockhampton Hockey Association have advised that the stick above the shoulder rule will be played in A1, A2, A3, U15 and U13 levels of competition.

Aerial/overhead skills are on the list of critical skills for developing athletes and Hockey Australia and Hockey Qld believes it is imperative that we encourage the development of these skills from an athlete, coach and umpiring perspective within our performance pathways.

Current Rule is (FIH) 9.7:

"Players may stop, receive and deflect or play the ball in a controlled manner in any part of the field when the ball is at any height including above the shoulder unless this is dangerous or leads to danger"
